PROJECTS

Ajmerkastudent : A Website for students

A website that provides notes and other study materials for school and college students of Ajmer. I used HTML, CSS, and JS to create a simple and intuitive interface

Sumz : A web app that summarizes any website URL

A WEB APP THAT SUMMARIZES ANY WEBSITE URL USING OPENAI'S RAPID API. I USED REACT.JS AND TAILWIND CSS TO CREATE A MINIMALIST AND ELEGANT WEB APP THAT ALLOWS USERS TO ENTER ANY URL AND GET A CONCISE SUMMARY OF ITS CONTENT.

Project Manager : helps users manage their projects.

A WEB APP THAT HELPS USERS MANAGE THEIR PROJECTS, TASKS, AND DEADLINES. I USED FIREBASE AND REACT.JS TO CREATE A DYNAMIC AND INTERACTIVE WEB APP THAT ALLOWS USERS TO CREATE, EDIT, DELETE, AND ASSIGN TASKS TO THEIR TEAM MEMBERS. I ALSO IMPLEMENTED FEATURES SUCH AS COMMENTS.

EDUCATION

Batchler OF Science | 2020 - 2023
Dayanand Collage, Ajemr

Class 12th Cbse | 2019-2020
Maharaja Agresain Public School, Ajmer

EXPERIENCES

LetsGrowMore | Jan 2023- Feb 2023
Frontend Web Developer Intern

- internship at letsgrowmore, a virtual platform for students and professionals to learn and grow. Worked on various frontend web development tasks, such as creating a calculator, a todo list, and redesigning their website. Gained valuable experience in HTML, CSS, JavaScript and UI design.
